

# HOLIDAYS

INDICATION GÉOGRAPHIQUE VAR PROTÉGÉE (PGI) – 12,5% ALC./VOL.

Our rosé **HOLIDAYS** a typical blend of rosé from the Côtes d'Azur, or more precisely from the heart of the Var region. It is made from grape varieties grown in Provence for centuries – Grenache, Carignan and Cinsault. In creating this pure, dry and clear rosé, from a selection of very expressive *terroir*, we wanted to let Provence speak – beautiful, sun-drenched Provence, lulled by the sound of cicadas.

The pleasant and remarkably well-balanced wine has been carefully crafted using low temperature *vinification* techniques to create a light coloured wine bursting with aromas. Light fining is carried out using exclusively mineral products and sterile filtration is performed when the wine is bottled.

When you enjoy rosé **HOLIDAYS**, sit on the beach, in the shade of the rocks of Porquerolles or on an animated terrace in the port of Saint-Tropez, you feel transported, as if you were always on vacation. Even if only in your dreams!

## TASTING NOTES

The wine is light and clear with a soft, gentle hue. This is a rosé from the Var region at its very best. On the nose, the wine reveals scents of red berries, followed by citrus and spice and a dash of liquorice sticks. The palate is tantalized by citron and wild strawberry flavours. On the finish, the wine is fresh and gentle.

This is a nicely made wine – everything about it is pleasant.

Long live the holidays!

## SERVING SUGGESTIONS

With plenty of sunshine, appetizers, salad *Niçoise*, grilled lamb chops, chicken, sausages.

Service at 8-10°C.
