

LA TROP® BLANCHE - WHITE

WHITE BEER

330 ML BOTTLES AND 30 L ONE WAY KEGS – 5,5% VOL./ALC.

To create **LA TROP®BLANCHE**, we developed a recipe inspired by the brewing traditions of the Flemish Brabant province of Belgium, home to the villages of Tirlemont and Hoegaarden, yet imbued with the ambiance of the port of Saint-Tropez.

Like the wheat beers from this Belgian region, **LA TROP®BLANCHE** is brewed from malted barley and soft wheat base, hops, coriander seeds and citrus peel.

We have therefore opted for a cool and refreshing beer profile, which is particularly appreciated in our Provençal climate. A slight cloudiness, typical for this type of beer, is a good indicator of quality. It is due to the presence of suspended yeasts from the fermentation.

BRASSERIE CARTERON now operates in a larger scale facility, yet one, which remains on a human scale. Here, we have total mastery of the techniques required to produce our recipes, with a Quality Assurance Department on hand to guarantee the consistency of our products.

The combination of citrus peel and coriander imparts a fresh character. **LA TROP®BLANCHE**'s aromas and bright appearance gently unveil a lovely fusion of citrus, coriander and beer.

TASTING NOTES

Pale yellow, naturally cloudy, very bright in appearance.

The bubbles are fine and even. The foam is light, slightly dense and a little bit sticky.

Fresh and spicy on the nose. The malty, slight acid sensation on entry to the palate is typical of a wheat beer. Then the citrus aromas come through and coat the bitter-sweetness.

Clean on the palate. The careful selection of hops, supported by the wheat, imparts an elegant bitterness. Orange peel notes and lime aromas enhance its overall freshness. The finish, which is slightly spicy from the coriander, gives the beer a nice thirst-quenching quality

FOOD PAIRING TIPS

Drink it on its own as an aperitif, or to accompany food, such as seafood, tuna carpaccio, tartare of sea bream or grilled chicken.

Enjoy it in summertime of course, but why not all year round, like a real "witbier".

Shelf Life: 24 months/bottles – 12 months/one way kegs
