

ROSE HOLIDAYS

INDICATION GÉOGRAPHIQUE VAR PROTÉGÉE (PGI) – 12,5% ALC./VOL.

With **ROSE HOLIDAYS**, every day is a holiday. A dream holiday or a last minute trip to an exotic location... Wherever you go, **ROSE HOLIDAYS** will instantly get you into holiday mood.

ROSE HOLIDAYS is a typical blend of rosé: Grenache (60%) et Cinsault (40%), from *Côtes d'Azur*, or more precisely from the heart of the Var region. It is made from grape varieties grown in Provence for centuries. In creating this pure, dry and clear rosé, from a selection of very expressive *terroir*, we wanted to let Provence speak – beautiful, sun-drenched Provence, lulled by the sound of cicadas.

The pleasant and remarkably well-balanced wine has been carefully crafted using low temperature *vinification* techniques to create a light coloured wine bursting with aromas. Light fining is carried out using exclusively mineral products and sterile filtration is performed when the wine is bottled.

When you enjoy rosé **ROSE HOLIDAYS**, sat on the beach, in the shade of the rocks of Porquerolles or on an animated terrace in the port of Saint-Tropez, you feel transported, as if you were always on vacation. Even if only in your dreams!

Sail away to the typical blend of the French Riviera, that of the Saint Tropez coast.

TASTING NOTES

The wine is light and clear with a soft, gentle hue. This is a rosé from the Var region at its very best. On the nose, the wine reveals scents of red berries, followed by citrus and spice and a dash of liquorice sticks. The palate is tantalized by citron and wild strawberry flavours. On the finish, the wine is fresh and gentle.

This is a nicely made wine – everything about it is pleasant.

Long live the holidays!

SERVING SUGGESTIONS

With plenty of sunshine, appetizers, salad *Niçoise*, grilled lamb chops, chicken, sausages.

Service at 8-10°C.
